

This assessment guide relates to aspects of the Years 7 and 8 Health and Physical Education and Years 7 and 8 Design and Technologies achievement standards.

Criteria	Task-specific criteria	Descriptors of quality—The student's work shows the following characteristics:				
		A	B	C	D	E
Investigating (Years 7 and 8 HPE)	<ul style="list-style-type: none"> Investigation of practices (behaviours) that enhance their own and others' health and wellbeing <p><i>Evidenced in: Research Report: Methods, Results and Conclusion</i></p>	• Purposeful investigation	• Effective investigation	• Sound investigation	• Partial investigation	• Fragmented investigation with some statements about knowledge and/or behaviour
Investigating and defining (Years 7 and 8 D&T)	<ul style="list-style-type: none"> Evaluation of findings to define client needs regarding messages and behaviours that need to be promoted <p><i>Evidenced in: Research Report Discussion and Conclusions</i></p>	• Comprehensive evaluation	• Detailed evaluation	• Sound evaluation	• Partial evaluation	• Statements about client needs and/or partial evaluation of some aspects of the research findings
Knowledge and understanding (Years 7 and 8 D&T, Technologies and Society)	<p>Explanations of:</p> <ul style="list-style-type: none"> how the sun-safety knowledge and behaviours of a target market influence the design of a product to promote sun safety <p><i>Evidenced in: Research Report: Introduction, Discussion</i></p>	• Comprehensive explanations	• Detailed explanations	• Sound explanations	• Partial explanations	• Statements or partial explanations of how some aspects of knowledge and/or behaviour influence design

Comprehensive:
Detailed and thorough, includes all that is relevant

Effective: Meeting the intended purpose in a way that produces the desired effect

Fragmented: Disjointed or isolated

Informed: Having relevant knowledge

Partial: Attempted; incomplete

Purposeful:
Appropriate and well-justified use of strategies for intended outcomes

Sound: Makes sense, reasonable, works, practicable
